

### **Prayer for the Victims**

God of healing we come before you right now and ask for restoration of the dreams for the children, women and men who are enslaved. We ask that they would begin to know your royal priest hood in your kingdom and they would begin to believe of the wonderful possibilities you have for them. We say yes to the plans and purpose you have over their life. Please rescue the victims.

**Congregation:** Lord, restore the victim's lives. Deliver them from slavery. Freedom for all.

### **Prayer for the Victims' Families**

"God of grace and mercy restore the families of those enslaved throughout the world. Show them your love. Give them hope for tomorrow. We pray restoration for the family units and reconciliation of relationships to be as you have ordained families to be. We ask that you provide everything they need so that they will not be ensnared by slavery or human trafficking. Pour out your love on the hearts of the fathers and mothers and the children.

**Congregation:** Lord Jesus, restore families. Provide everything they need to be as you have ordained them to be. We pray freedom for all.

### **Prayer for the Church**

"God of Wisdom and strength break our heart for what breaks yours, give us the passion to strive to end injustice around the world and even here in our own country. Give us the strength to spread awareness about what breaks your heart. Give us the wisdom and power to do something about it. Give your children confidence to know we can make a difference."

**The Congregation:** Lord you have established the church to fight injustice. God give us strength and wisdom and courage to do so. Freedom for all.

### **Prayer for Organizations fighting injustice**

"God of hope and power we pray for organizations that have risen up to defeat this injustice and to save lives of innocent people around the world. We pray that you provide them with the proper tools and knowledge to bring peace and life to the victims and their families. We thank them for their time and love they give to help save your children from slavery, for it is through your hope that gives us the power to help save lives."

**The Congregation:** Lord Jesus you call us to take action. Bless the organizations that stand for justice daily. We pray freedom for all.

### **Prayer for the abusers**

God of love and grace, it is hard to love the abusers, but your word tells us to love even our enemies. You see the abusers past and the pain and hurt they have gone through. We pray you touch their hearts and deliver them. Give us strength to love them like you do and to remember they are still your children.

**The congregation:** Lord Jesus help us love like you love. Break the bondage of the abusers and set them free. We pray freedom for all. In Jesus Name, Amen.
