

## Not For Sale in Cambodia

Not For Sale has partnered with a Cambodian garment factory, StopStart, that provides jobs to women who are survivors of trafficking or at high-risk to being trafficked. The factory offers women a competitive salary, free child care, health care, Khmer and English classes as well as overtime pay. Not For Sale's local partners connect survivors in local trafficking shelters and vocational programs to job opportunities in the factory.

## Creating Job Opportunities

Not For Sale has also partnered with the Cambodian non-profit, Nyemo, to provide ongoing vocational training and social services to women working at the garment factory. One hundred percent of the profits from the sale of Not For Sale branded T-shirts will be reinvested in programs that create sustainable futures for survivors as well as populations at risk to trafficking.
